LOIS KREBS HONORED AT MISCELLANEOUS SHOWER

On Monday afternoon a shower was held at the Smallwood home in honor of Miss Lois Krebs whose marriage to Glen Roberts takes place on Friday. After a few games and contests, Lois, assisted by Olga Dupont, opened the gifts which were piled high on a table beneath pink and white streamers. As each parcel was put aside Olwyn Krebs listed the gift and donor in a little book for the bride-elect. The gifts were many and varied and Lois gratefully thanked everyone for their kindness and good wishes. A delicious lunch ended a very pleasant afternoon.

Town Council Approves Fire Equipment Order

Mayor H. Lynch-Staunton and Councillors Cathness, Parsons, Gilsen, Kimmel, Reiber and Townman were all present at the regular meeting of the Council of the Town of Didsbury held on Monday evening, August 16.

The secretary was instructed to call for tenders for a garbage man for the town.

Authorization was given for new fire equipment, including a booster pump, hose, nozzles and siren. The pump will be mounted on a two-wheel trailer and will be pulled by a truck or car.

NOTES FROM WEST

Laft asked to be relieved of her duties as secretary-treasurer and Mrs. Bernard St. kindly consented to fill in to the end of the year. Mrs. P. It is hoped to tie a heavy quilt at the next meeting, and when completed it will be sent overseas.

OLD TIMER DRIVES SMART OUTFIT IN JUBILEE PARADE

In the Jubilee Sports Day parade Mr. and Mrs. J. V. Berscht won first prize for the old timer outfit and believe it or not, J. V. fully enjoyed driving the high spirited team owned by Doug Johnston. He was right at home in the cart, and dressed in a red shirt, gay yellow tie and cowboy hat, handled the reins like a real old timer.

Mrs. Berscht seemed to enjoy the drive as she did years ago when the couple had a high spirited driving team. The large crowd greeted them as they went along in the parade.

The California cart was formerly used on the prairies by the late Rev. McDougall over one hundred years ago. It is now owned by Hans Haener of Garfield, Alberta.

RECORD NUMBER OF VISITORS TO BRITAIN IN JUNE

Over 43,000 overseas visitors arrived in Britain during June. This is a record for the month of June and three and one-half per cent greater than the average for June during the three years immediately preceding the war. These figures, just announced by the British Travel Association do not include visitors from the Commonwealth for whom statistics are not yet available. June is not at the peak of Britain's tourist season and it seems likely that the Travel Association's estimate of 500,000 overseas visitors for 1948 will be exceeded before the year is out. The importance to Britain of the tourist trade as a source of dollar revenue is underlined by the fact that 11,500 of the June visitors came from the U.S.A. In addition, there was a big increase in the number of tourists coming from Scandinavian countries.

He: We certainly had a big time last night for ten cents.
She: Yes, I wonder how little brother spent it.

BRITAIN IS WORLD'S BIGGEST CAR EXPORTER

United Kingdom automobile manufacturers last June exported more than 20,200 units, only 1,000 less than the combined car shipments of the U.S.A., Canada and France in the previous month, the latest period for which comparable figures are available. Exports of commercial vehicles in the same month numbered nearly 6,000 units, less than 50 short of the all-time record of April last. The value of overseas sales of United Kingdom agricultural tractors and parts in the same month exceeded \$6,000,000. More than \$272,000,000 worth of motor vehicles—cars, commercial vehicles and agricultural tractors and their parts and accessories—left Britain for overseas in the first six months of this year.

Whether the timbered oasis has attracted old strains of animal or bird life is also to be investigated.

Mr. Wells said the towering pines and other trees on the island have limbs which appear to start at ground level, some as thick as a man's waist.

MARRIAGE DISCUSSED BY WALTHER LEAGERS

It is apparent that the young people of today need adequate and helpful instruction in regard to marriage, family life, chastity, relations between the sexes. In view of this the Walther Leaguers in their meeting on Tuesday, August 2, discussed the institution of marriage. It was shown that where God's institution of marriage is not respected, shame and vice degrade men, and family life and happiness are impossible. Since the number of divorces in our country are increasing at an alarming rate, it becomes ever more necessary that the young people be counselled in this matter. People must realize that marriage is a sacred institution of God, not to be broken at the least provocation. Pastor Fox showed that marriage begins before the wedding day, that young people should not be hasty in engagements, and voiced a warning against "mixed marriages."

During the business session it was decided to have a weiner roast on Friday, August 6, at the Rocks. The evening closed with a social hour of songs and pictures and luncheon.

About 10 Leaguers and their friends assembled at the Lutheran Church on Friday evening for the weiner roast. A treasure hunt was enjoyed by all, even though the participants had to climb up and down hill and cross the creek numerous times. Other games followed. The group then assembled at the Rocks where a large fire had been lit. Songs and hymns were then sung and weiners and marshmallows roasted, and the evening closed with the singing of "Taps."

TROPICAL ISLAND

Game officers of Manitoba and Saskatchewan are to investigate a "Tropical Island," a reported oasis of grass and tall timber amid far northern barren lands. The island was discovered on an air trip west of the Hudson Bay port of Churchill. It is in a lake about one mile long and its trees are reported to be so large they cannot be cut with the light camp axes carried by the natives and the few white travellers.

Pending investigation, actual location of the oasis is not being announced. But Harold Wells, supervisor of registered trappers for Manitoba, described it as being "not far north of Manitoba's northern boundary."

This unusually would place it somewhere in the southern stretches of Keewatin, Northwest, Manitoba. C. L. McLean of Prince Albert, supervisor of trapping for Northern Saskatchewan, and James Cunningham, Brochet and district game officer, have made tentative arrangements for a ceremony.

Mr. Wells said a mineral spring or deposit must supply the vegetation with powerful fertilizer to permit such luxuriant growth in the short arctic summer—and on an ordinarily treeless waste.
